Happy February, Valentines!

It's a whole month of beautiful possibilities, a time to fall back in love with your healthy, beautiful skin. From luscious lips to long-gone love handles, February has it all.

Pucker Up ... For Smooth, Plump, Kissable Lips!

NEW! The HA5 Smooth & Plump Lip System from SkinMedica

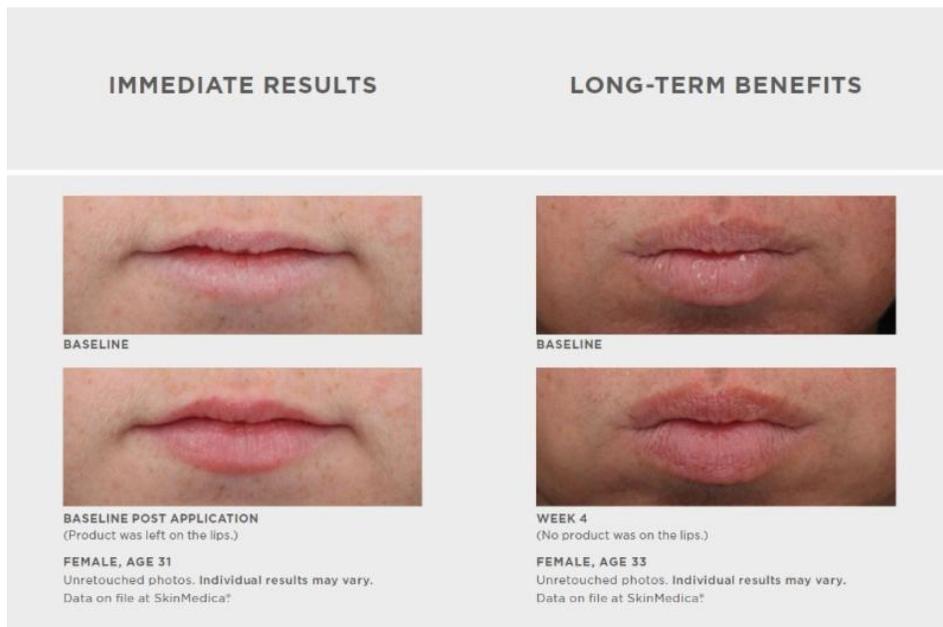

Just like facial skin, the skin on your lips loses collagen, elastin, and hyaluronic acid over time. This can result in the loss of lip color

(rosiness), overall lip definition, and contour. But, unlike facial skin, your lips do not contain oil glands that help prevent the fine lines associated with signs of aging. But don't fret!

Now, from **SkinMedica**, the moisture solution your lips are craving: the **HA5 Smooth & Plump Lip System**.

This two-step treatment is clinically shown to plump the appearance of lips while providing the same smoothing and hydrating benefits of **HA5 Rejuvenating Hydrator**. Key benefits:

- Plumps the appearance of lips
- Improves overall lip condition and hydrates
- Visibly enhances **rosiness**
- Visibly smooths fine lines

Just in time for a kissable Valentine's Day, we're offering the **Skin Medica HA5 Smooth & Plump Lip System** at a **20% discount!** Turn that pout into a pucker and see why *Glamour* magazine insists: **You need this!**
