## June Savings for Healthy, Beautiful Skin

School's out, good times are rolling in. From beach days to patio nights, from weddings to graduations to Dad's Day, join us this month to celebrate and save! [Please forward this newsletter to a friend, and don't forget that this month and every month, when you refer a friend, you both receive a 20% discount on a cosmetic service with our thanks.](#)

## It's Raining Men, Hallelujah!

### Healthy, Handsome, Younger-Looking Skin for Guys

June is **Men's Health Month**, and we're celebrating with a reminder that healthy, great-looking, ageless skin is not just for the ladies! As a [Fox News](#) report noted last year:

*"More men than ever before are booking spa appointments, buying skin care products and 'manscaping.' Now, experts say there's been a surge in the number of men between 40 and 70 years old who are making their way into the dermatologist's office for cosmetic treatments, too.*

*"In fact, men underwent more than one million non-surgical treatments such as Botox, photo rejuvenation and fat reduction in 2014, a report from the American Society for Aesthetic Plastic Surgery found. Plus, the number of cosmetic treatments for men increased 273 percent since 1997."*

We love helping men improve their skin health and their confidence. **This month, we're offering special introductory savings on two of our most popular cosmetic treatments for first-time male patients.**

### **BOTOX Cosmetic**

Frown lines, forehead wrinkles, and crows' feet often add years to men's faces. Guys spend more time in the sun, unprotected, than women do (shame on you, men!), and all that squinting into the sunlight can turn your rugged good looks into wrinkles. **BOTOX Cosmetic** safely smooths wrinkles and lines so you'll look younger and more handsome under that sun hat we're going to make you wear!

### **KYBELLA**

You can only hide that double (triple, quadruple) chin behind a beard or a turtleneck so long, guys. **KYBELLA** injectable treatments are FDA-approved for targeting and dissolving the fat cells under the chin that give you a profile more like a turkey than a Greek god. Get your superhero jawline back in just a few easy treatments.

### **Go Beach Bare with Laser Hair Removal**

#### **Smooth Savings for Summer**

There's no postponing it. It's time to toss the long sleeves, yoga pants, opaque tights, and winter cover-ups. The sun is out and so is your skin. Don't even think about shaving (stubble!), waxing (ouch!),

or creams (stinky!). For hair removal that lasts, with no mess or fuss, **Laser Hair Removal** is the way to go.

This month, we're offering an amazing 20% discount on Laser Hair Removal, any area(!), when you prepay for 3 treatments. That makes big savings for a smooth summer!
