Holiday Savings on VOLBELLA

Here Comes the Mistletoe. Are Your Lips Ready?

The Yuletide tradition of kissing under the mistletoe is an old Celtic custom. Mistletoe grows on oak trees thought to be sacred by the Druids, and a kiss under its boughs was believed to seal a vow of eternal devotion. Old superstitions aside, 'tis the season for exchanging kisses. Are your lips ready?

This month only, we're offering great savings on kissable lips with **VOLBELLA**, the new injectable filler for naturally enhanced, youthful lips and a smooth, wrinkle-free lipline.

Purchase one syringe of **VOLBELLA** for just **\$475** (a **\$600 value!**). Be mistletoe-ready by the holidays!

Turkey Necks Are for Making Soup

See Us for Savings on 2 Great Ways to Lose the Wattle!

Gobble, gobble! It's turkey time ... but only on the table. This month, we're talking turkey about losing the loose skin under your jaw known as the **"turkey neck."** Fortunately, there's no more need to camouflage the wattle under sweaters and scarves. We're offering big savings on two great ways to restore firm, youthful contours.

The MiniCool from CoolSculpting

CoolSculpting is the hottest new way to freeze away stubborn pockets of fat like those that contribute to the turkey neck profile. In this noninvasive treatment that safely freezes fat cells so they dissolve and leave the body naturally, you'll see results in time for the holidays -- with no downtime!

BEFORE

12 WEEKS AFTER
Second CoolSculpting® Session

This month only, we're offering the **MiniCool CoolSculpting** neck treatment for just **\$750 per session** -- regularly **\$1,000!**

KYBELLA

KYBELLA is the amazing new injectable treatment that dissolves unwanted fullness below the jawline, leaving your profile firmer and more youthful. The fat cells dissolved by **KYBELLA** are gone for good. Whether your turkey neck or double chin is a family inheritance or a leftover from excess weight you've lost, **KYBELLA** is a great solution.

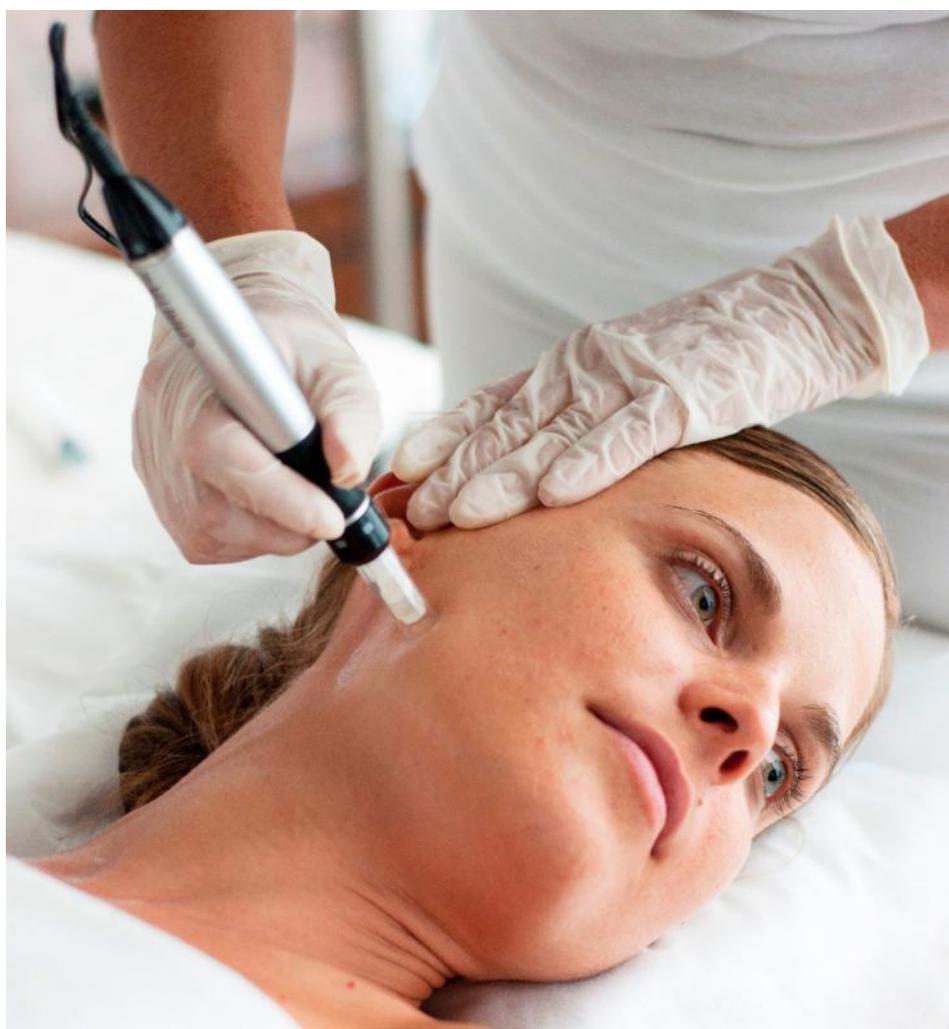

This month only, purchase **KYBELLA** for just **\$500 per vial** (you save **\$100 per vial!**).
