Double, Double, That Chin Is Trouble!

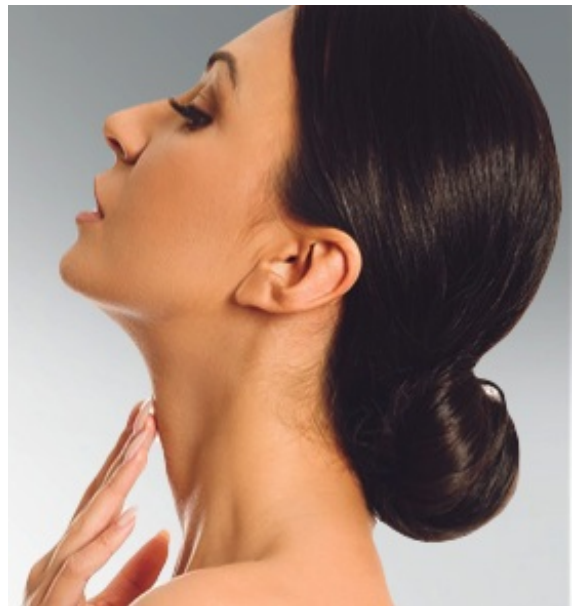

Surveys show that fatty deposits under the jaw are the facial feature people dislike most. The dreaded double chin makes you run from the selfie stick, sport a turtleneck in blazing SoCal heat, and seriously contemplate expensive, risky surgery.

BUT WAIT, THERE'S HELP!

With KYBELLA, you can smile for that HD closeup, open up that neckline, and ditch the double chin with no knives!

And here's even better news!
During our Two-Day March KYBELLA Event, we'll help you say goodbye to your double chin and hello to great savings!

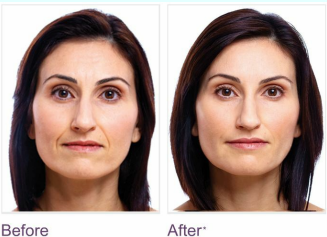

Friday, March 4

Come in or call to get answers to your Kybella questions and determine whether you are a candidate for treatment.

**Special Offer
During Our
KYBELLA
Event**

**For every 2 vials*
of KYBELLA you
purchase, receive
50% off 1 syringe
of your choice of
filler (JUVEDERM
or VOLUMA)!**

**Not doing fillers
yet?
Receive 50% off
your BOTOX
Cosmetic with
your KYBELLA
purchase!**

***Average treatment
requires 6-9 vials of
KYBELLA, so you
may earn up to 4
syringes of filler at
50% off!**

**Don't wait. Get
those chins
wagging and tell
your friends about
our March
KYBELLA Event!**

Saturday, March 5

8:30 am-12:30 pm

**Appointments available
for KYBELLA treatment!**

**YOU MAY ALSO CALL NOW TO PREPAY
(and get the SPECIAL OFFER discount) &
SCHEDULE TREATMENT AT YOUR
CONVENIENCE!**

**KYBELLA is the new injectable
that dissolves fat cells beneath the jaw.
With KYBELLA, those fat cells
are naturally eliminated and do not return!**

**Join us to learn more about how
KYBELLA can make a lasting, youthful
difference in your profile and your
confidence!**

**Appointments are limited.
Call or email NOW to RSVP!**
