St. Patrick Had a Halo ...

... And So Do We!

OK, ours is a laser, but we couldn't resist making the connection between this month's patron of parties and revelry and our own new state-of-the-art **Halo Hybrid Fractional Laser from Sciton**.

The **Halo** offers radiant, younger-looking skin without the downtime. And because it's precisely tuned, we can tailor your treatment to the results you are looking for and the schedule you require.

St. Patrick drove the snakes out of Ireland. Our **Halo** can drive even stubborn melasma out of your life! See, it's not a bad comparison at all.
