Lift the June Gloom with Safe Cosmetic Services

We're delighted to announce that we can welcome you once again for cosmetic services! While we continue the fight against COVID-19, we are now able to see our patients for cosmetic and laser services. *(Our aestheticians continue on their maternity leave, so spa appointments are still on hold -- for happy reasons.)* And it's June, which is **Men's Health Month**, so look to us for specials perfect for Father's Day. We're celebrating grads and brides and grooms, too -- or any reason to toast to healthy, beautiful skin! **Remember, this month and every month, when you refer a friend, you both receive a 20% discount on a cosmetic service (to be scheduled at your convenience once the situation allows) with our thanks.**

We will gladly reschedule your appointment for when you're feeling better.

Celebrate Dads, Grads & Grooms

Special Savings on BOTOX for Men and PRP for Hair Loss

Father's Day is Sunday, June 21. But you don't need to wait to treat the man in your life to these great Men's Health Month savings!

BOTOX for Men

"Botox" is the real deal. As Men's Journal reports, "So what accounts for this huge shift? Well, metrosexuality and a quick fix with no downtime for starters, but it appears as though the economy is a major factor too. 'Men feel increasingly pressured to maintain a more attractive and youthful look in a highly competitive job market,' says Bowe. The study points out that a youthful appearance allows men--and women--to generate more revenue than their older looking peers, which is an important asset in a leaner workforce. 'And if you are out of work, it can give you an edge in finding a new job.'

This month, we're offering BOTOX Cosmetic treatments for men at just \$11 per unit!

PRP (Platelet-Rich Plasma) for Thinning Hair

PRP Treatments are a safe, effective solution for thinning hair. With PRP, platelet-rich plasma, a natural substance full of concentrated growth factors, is safely obtained from your own blood and injected into the scalp to stimulate new hair growth.

This month, we're offering PRP Scalp Treatments at 20% off!

Product of the Month: EltaMD Bonus

As You Begin Venturing Out, Protect Your Skin

The world is opening up a little, but as you continue to take COVID-19 protections, be sure to protect your skin from damaging UV rays, too. EltaMD offers a full line of sun protection products designed to meet your every need.

This month only, purchase any EltaMD sun care product and receive a FREE EltaMD Foaming Facial Cleanser, while supplies last!
