September News and Savings

The Labor Day cookouts are history, and though the summer heat lingers, it's time for fall's new beginnings -- new school year, off to college, new jobs, a new events calendar for the autumn days ahead! We're here for you in all seasons, to partner with you in healthy, beautiful skin.

Remember, this month and every month, when you refer a friend, you both receive a 10% discount on a cosmetic service (to be scheduled at your convenience) with our thanks.

The Leaves May Fall, But Your Profile Won't with Sofwave

Need a lift?

Whether it's the effects of time and gravity or recent weight loss, our faces can lose firmness. Sagging tissue and wrinkles around the eyes, cheeks, forehead, and neck make our skin look tired, dull, and older.

Older skin-tightening treatments aren't always effective, and surgical lifts are expensive and come with risks and downtime. But now you can lift with **Sofwave!**

Sofwave is an FDA-approved, non-invasive skin tightening treatment that safely reduces fine lines and wrinkles using a next-generation SUPERB Synchronous Ultrasound Parallel Beam Technology. The fractional heating created by the unique **Sofwave** ultrasound system stimulates the skin's natural production of collagen and elastin to

tighten and firm the skin around the eyes, cheeks, forehead, and neck without surgical intervention, damage to the skin's surface, or downtime.

Before

After

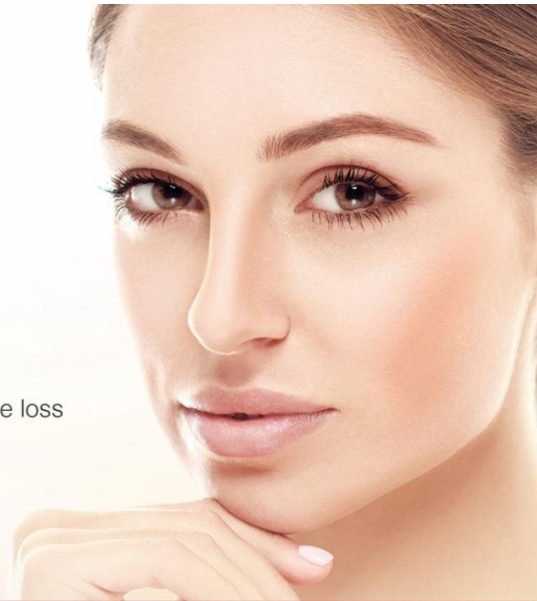

To learn more about how **Softwave** can give you a lift, or to get started on your **Softwave** journey, **call or email today to book your complimentary consultation with our cosmetic consultant Mary Lou.**

Save on Our Popular PRP with Micro-needling Treatment and Wake Up Your Skin

An All-Natural Rejuvenation Treatment

- Reduce fine lines and wrinkles
- Tighten and tone skin
- Replace mild collagen and volume loss
- Reduce appearance of rosacea
- Decrease acne scarring
- Treat crow's feet

Ask us about PRP Facial Rejuvenation

You've heard it called the **Vampire Facial**, but there's nothing spooky about our **PRP with Micro-needling Treatment** (and no garlic

involved!), This revolutionary treatment combines **micro-needling technology** with infusions of **PRP (Platelet Rich Plasma)**, a substance rich in nourishing growth factors safely obtained from your own blood.

PRP with Micro-needling helps smooth lines, tighten tissues, stimulate your own natural collagen and restore volume, for a rejuvenated look that's uniquely you. It's also great for reducing the appearance of acne scars.

This month only, prepay and receive PRP with Micro-needling for just \$675 per treatment!

Through the Microscope: We Know Noses

Clowns aside, there's nothing funny about a big, bulbous red nose

It's a condition called **rhinophyma**, a kind of rosacea that affects the nose.

Rhinophyma causes thickening, pitting and redness of the skin of the nose, and can result in overgrowth of tissues that make the nose lumpy and misshapen. Besides the obvious cosmetic issues, severe rhinophyma can interfere with breathing.

Rhinophyma is an autoimmune disorder -- *and it has absolutely nothing to do with consuming alcohol*. Here's what you should know:

- Rhinophyma is typically diagnosed between the age of 50 and 70
- Men are at a higher risk of contracting the disorder than women.
- Fair-skinned individuals are at higher risk of developing rhinophyma.
- People of Scandinavian, Scottish, Irish, English, or Eastern European descent are at a higher risk.
- Individuals with family members who have struggled with rosacea or rhinophyma are at a higher risk.

Our **Dr. Han Lee** is highly qualified to diagnose and treat rhinophyma. She notes that surgery is often needed to address this condition. **Rhinophyma surgery** works to:

- Reshape the disfigured nose
- Minimize enlarged blood vessels
- Remove tissue overgrowth
- Improve breathing

Surgical treatment of severe rhinophyma can require up to 3 months of recovery, but results are generally permanent, with no recurrence. If you or someone you know is dealing with rhinophyma, please see us to be evaluated for treatment. Our patients, like the one pictured below, are delighted with their results!

Product of the Month: School Your Skin with Dr. Rubin's Fig. 1 Skin Care Line

“When we launched Fig.1, we had a dream of delivering a performance-driven, personalized retinol treatment system that is both safe and gentle, even for sensitive skin.”

- Dr. Courtney Rubin
Chief Medical Officer, Fig.1 Beauty

Start a new semester in skin care, no matter what your age, with **Fig. 1** products from our own **Dr. Courtney Rubin**. Simple, affordable, effective, and eco-friendly (products are refillable!), the **Fig. 1** line allows you to build a daily skin care routine that's personalized to your skin's needs.

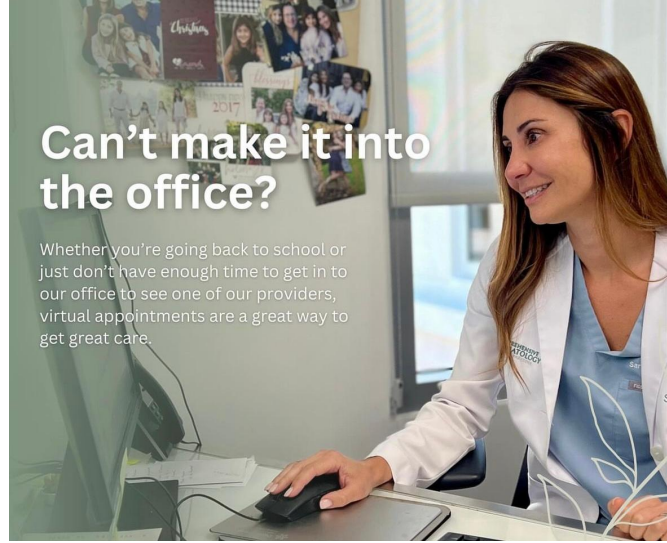

Call or stop by to select the Fig. 1 products that are right for you. We'll be glad to help you choose!

In the Office

You can take **CDCOP's** great skin care with you wherever you go this fall

by choosing a virtual appointment.

Call or [email](#) to set up a virtual appointment at your convenience!

Can't make it into the office?

Whether you're going back to school or just don't have enough time to get in to our office to see one of our providers, virtual appointments are a great way to get great care.

Mary Lou's News: Put Skin Care on Your List!

Whether it's kids' back-to-school supplies, the autumn groceries, or the new clothes we need for the changing season, we're all making lists in September. Don't forget to add skin care to your list -- replenishing products or changing up your daily routine, taking some me-time with our refreshing spa offerings, or booking treatments to get in shape and look younger for the upcoming holidays.

I'm **Mary Lou Brimecombe**, CDCOP's cosmetic consultant. I can help you explore the full range of skin care treatments and products we offer. I'd love to set up a complimentary consultation for you -- either in-office or virtually from wherever you are. A virtual consultation is a great way to get the planning done without an extra visit -- a great shortcut this time of year. Together we can create a skin care plan that's suited to your needs, your schedule, and your budget.

Book your complimentary consultation with me (appts. available Monday-Thursday), or with Ruby on Fridays.

Look Younger Now--Pay Over Time

Ask me about CareCredit, our financing service. It's easy to apply, and you have twelve months to pay for your treatment--at NO interest! (Note: Payment plans not available for prepaid discounted treatments, products, and packages.)

The Fine Print

All treatment offers are for new bookings ONLY.

Unless otherwise specified, all offers are good through **August 31, 2024** only, and may not be combined with other discounts. **Members-only specials require a paid CDCOP Premier Membership.** Thank you!
